

In re Appln. of: Amer Hassan
Application No.10/696,908

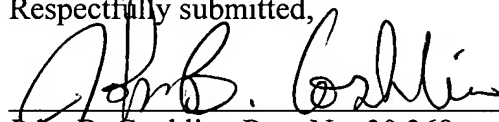

Remarks

This amendment to the specification corrects two obvious typographical errors that were identified in the process of preparing foreign counterpart applications for filing. Because the errors are apparent from the context of the paragraph and from reference to the drawings, no new matter is being added to the specification.

Conclusion

The application is considered in good and proper form for allowance, and the Examiner is respectfully requested to pass this application to issue. If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "John B. Conklin", is written over a horizontal line.
